

# Turbine Forum 2020

Advanced Coatings and Materials for Turbine Components  
September 30 - October 2, 2020, Nice / France  
[www.ForumT.com](http://www.ForumT.com)

## CONFERENCE REGISTRATION

To guarantee your participation, payment is required in advance of the conference. The conference services – proceedings, three networking luncheons, refreshment breaks, welcome reception – are included in the conference fee. Separate fees are charged for the pre-conference workshops and the conference dinner. **A written confirmation / invoice of your registration will be sent to you by mail.** Because the number of participants is limited, we recommend early registration. **Substitutions and cancellations:** Registration fees are fully refundable (minus credit card fees) if cancellations are made in writing by August 28, 2020. From August 29, 2020 to September 14, 2020, refunds are subject to a cancellation fee of 330 Euros. Cancellations arriving after September 14, 2020, can be refunded max. half of conference fee (amount depends on date of cancellation). Substitutions may be made at any time at no charge.

**PLEASE NOTE:** According to European Tax Laws all rates have to be charged with 20 % French VAT, which has to be forwarded in its entirety to the French Tax Authority. The VAT paid is completely refundable for most delegates and each participant will receive a VAT registration invoice, which is required to apply for refunding. For non-European companies and other guests without an EU VAT ID number the invoice includes a Tax Authority address for refund applications.
